

AI4Sci Korea 2026

AI for Science Conference 2026

Sep. 28 (Mon) - Oct. 1 (Thu), 2026
Seoul Dragon City, Seoul, Korea

An international conference sharing the frontier of AI-driven scientific research - from autonomous research agents to machine learning across the domain sciences.

Program Tracks

Pillar 1 Core AI & AI Agents for Research	Pillar 2 AI in Domain Science	AI Art for Science
AI Scientist / Agent Systems · Ethics & Governance in AI for Science · AI Policy	Biology · Materials & Chemistry · Semiconductor & Display · Nuclear Engineering / Fusion · Earth Science · Mathematics & Computational Science · Industrial & Applied AI · Mechanical Engineering · Energy & Environment · Autonomous Laboratory	Scientific Imagery & Research Visuals · Science Communication & Outreach

Program Highlights

3 Keynotes · Parallel Sessions · Poster Sessions · Science Data Challenge (Hackathon) · Special Session: AI Research Collaboration · Gala Dinner

Key Dates

Tech Paper Track (Pillar 1 & 2)		AI Art Track	
Abstract Submission	June 30	Proposal Abstract Submission	June 30
Notification of Abstract Review Results	July 15	Artwork & Detailed Statement Submission	July 24
Author Registration	August 16	Notification of Selection Results	July 31
Extended Abstract Submission	August 31	Author Registration	August 16
